NEW INCENTIVES

We are excited to introduce new incentives for referring potential accounts.

If you know an organization, business, or facility that may benefit from Clearly Clean's services, speak with your manager for details on how to participate in the referral bonus program.

Your connections help us grow — and we want to recognize and reward that effort.

THE NEWS

As we close out 2025, we want to extend our gratitude to every member of the Clearly Clean team. Your dedication, professionalism, and commitment to our clients make our success possible. Thank you for representing our We Care culture every day.

Wishing you and your loved ones a safe, warm, and joyful holiday season.

Clearly Clean continues to grow, expanding both our partnerships and the communities we serve. On average, our teams collectively clean over 6 million square feet every single day.

This is a remarkable accomplishment — and it is possible because of YOU.

As we continue to expand, we are counting on our team to help us build strong relationships, maintain high standards, and welcome new opportunities.

UPDATES

We've made important updates to the Employee Handbook.

Please take a moment to review the new version and sign the acknowledgment form. Your manager will assist you with the sign-off process.
